" When I was in college,

I wanted to be involved in things that would change the world.

Now I am."

ELON MUSK

Sun where dreams start

The Si sofa has tall legs and soft cushions, raising your dreams in a better way.

Simple and Elegant Enjoyment

The S2 sofa offers different material options for your space. It mixes leather and fabric for a classic black and white look, while pure fabric brings a clean style for relaxation.

CHEERS TO GOOD TIMES

Appreciate the beauty of nature, sip wine with grace to soothe emotions, and find inner calm and solace.

Enjoy Your Afternoon

The S2 sofa has a 1580mm comfy chaise lounge, so you can take a short nap and stay refreshed.

*"If you're not stubborn, you'll give up
on experiments too soon.*

*If you're not flexible, you'll pound your head
against the wall and you won't see a different solution to a problem you're
trying to solve."*

Designed for business meetings

The STAR series sofa has a 6-layer cushion for balanced pressure distribution and uses imported Nappa leather for a silky touch. The STAR series elevates your meeting experience and ensures efficient business communication.

ART WITHIN REACH

The integrated design of the S2 end tables and armrests enables two functions in one structure. It features anti-stain saddle leather, which is waterproof, sweat-proof, and mold-resistant. Every handcrafted stitch speaks of meticulous attention to detail and craftsmanship.

Let's Have a Chinwag

The fireplace's glow complements brown leather furnishings, creating a cozy ambiance. Friends engage in cheerful conversation, growing closer emotionally, while friendship is enhanced like blazing fire.

Coming together for new exploring

This is where visionary thinkers' strategic discussions and forward-thinking occur.

*" If humanity doesn't land on Mars
in my lifetime,
I would be very disappointed."*

Open your mind

The width of the horizon determines the fate of an individual. Different layers of mindsets lead to different levels of achievement. Everyone tends to look at this world from his or her own angle, thus embraces various cognitions.

As a result, keeping talking should be a theme throughout our whole lives; talking to others enables us to have a clear perception of ourselves; while talking to ourselves enables us to have a clear mind and always have the courage to start from scratch.

Welcoming and greeting guests

The STAR series provides a comfortable spot for every visitor in lobby. The arrangement of the curved corner and 45°corner sectional sofa creates a harmonious atmosphere.

*" You get guys around a campfire,
and they start telling their stories.*

That's the fellowship that they want to be in."
